Work Experience

Software Engineer Intern at Jarnox

June 2025 - Present

- Built modular and responsive UI components in React.js.
- Created backend Fast API endpoints to support trading logic, user actions, and stock pattern analysis.
- Wrote optimized SQL queries for querying financial data used in stock pattern recognition.
- Tools & technologies used: React.js, Python, Fast API, PostgreSQL, Dbeaver, Pycharm

Projects

Kanoon Sarathi [Link](#)

May 2024 to Present

- An AI-driven legal research platform built to simplify and accelerate how practitioners interact with vast volumes of Indian case law.
- Developed the user interface using HTML, Bootstrap, and JavaScript.
- Built Python Django backend views (APIs) that interact with the Apache Jena Fuseki RDF triple store, handling frontend requests, executing SPARQL queries, and returning structured responses.
- Wrote Competency questions and validated SPARQL queries.
- Hosted the Django server and database on render using docker container.
- Tools & technologies used: MySQL, Java, Swing, JDBC, NetBeans, MySQL Workbench

Upwise [Link](#)

Aug 2024 to Jan 2025

- Built a scalable ed-tech platform with three roles: Student, Instructor, and Admin. RESTful APIs using Express.js and Integrated JWT for secure authentication and authorization.
- Used Redux for global state management and data consistency.
- Managed course data and user records with MongoDB Atlas and Mongoose ODM.
- Integrated Google Gemini API. Also planning course-specific model training for concept-based assistance.
- Tools & technologies used: MongoDB, JavaScript, ReactJs, ExpressJs, NodeJs, Postman

Quick Chat [Link](#)

Jan 2025 to March 2025

- Real-time chat app using Reactjs, Expressjs, Nodejs, MongoDB, Socket.IO and daisy UI.

Education

National Institute Of Technology , Kurukshetra

Aug 2023 - Present

Master of Computer Applications (MCA)

CGPA: 9.0652

Devi Ahilya Vishwavidyalaya, Indore

JUL 2020 - JUN 2023

Bachelor of Computer Applications (BCA)

PERCENTAGE: 76.19%

Higher Secondary CBSE

JUN 2019 - JUN 2020

Shri Gujarati Samaj A. M. N. English Medium School

PERCENTAGE: 73.60%

Secondary CBSE

JUN 2017 - JUN 2018

Shri Krishna Public School

PERCENTAGE: 73.60%

Technical Skills

Core Subjects: DBMS, Data Structures and Algorithms, Operating System, Computer Networking, OOPS

Languages: C, C++, JavaScript, Java, SQL, Python

Developer Tools: Github, Visual Studio, Git and Github, Dev C++, Atlas, Compass, Postman, Dbeaver, Mysql

Technologies/Frameworks: HTML, CSS, Tailwind CSS, MongoDB, ReactJs, ExpressJs, NodeJs, Django, FastAPI

Achievements

- Exams: AIR 389 in NIMCET 2023, 249 in VITMCA, 99.65 Percentile in MAHCET
- Solved 1000+ questions on Leetcode and GFG [Leetcode](#) [GFG](#)
